Education

khalsa College

Bachelor of Arts.

August 2019 – 2022

Jalandhar, Punjab

Technical Skills

Languages: JavaScript (ES6+), HTML5, CSS3s

Technologies/Frameworks: MongoDB, Express.js, React.js, Node.js, RESTful APIs

Tools: : Git, GitHub, Visual Studio Code, Postman

Additional Abilities : Agile Methodologies, Responsive Design, Problem-Solving, Debugging

Projects

LMS Learning App | *MERN*

- * An interactive LMS app for students and instructors, featuring course creation, video lessons, and progress tracking—delivering a streamlined, accessible learning experience across devices.
- * Implemented smooth scrolling, **dynamic** content loading, **tailwind** CSS and CSS animations to enhance user experience.
- * Deployed the website on GitHub Pages.

YouTube Clone | *React js,*

- * Developed a YouTube clone using React, allowing users to search and watch videos
- * Implemented features like video search, video player, and **responsive** design. .
- * Utilized YouTube **API** to fetch video data dynamically

Chat Application | *React, MongoDB, Socket.io*

- * Built a real-time chat application using the **MERN** stack (**MongoDB, Redux, Express.js, React.js, Node.js**) and Socket.IO.
- * Implemented user authentication, message history, and group chat features.
- * Used **Socket.io** to make real-time connections between the client and server.

Blog Platform | *React, MongoDB ,Node.js/Express.js*

- * Created a fully functional Blog platform using React.js for the **frontend** and **Node.js/Express.js** for the **backend**. .

Self-Learning

- Completed various online courses and tutorials on web development, focusing on the MERN stack.
- Regularly participate in coding challenges and contribute to open-source projects on GitHub

Achievements

- Actively contribute to open-source projects and participate in online developer communities.
